12:15 pm Lunch
1 pm Waterpark & Game Tent
2:15 pm C & C Projects 2
3:30 pm Daily Review
3:45-4 pm Departure

Welcome to our Cricut & Crochet Summer Camp! Perfect for campers who love crafting, creativity, and hands-on design, this program combines two popular arts into one inspiring experience. Campers will explore the endless possibilities of the Cricut cutting machine—learning how to design and create personalized projects like custom t-shirts, tote bags, cards, and stylish décor. They'll also learn the art of crochet, mastering basic stitches and creating fun, functional pieces such as keychains, coasters, or small accessories. Guided by experienced instructors, campers will develop patience, precision, and creativity while bringing their ideas to life. This camp encourages self-expression, builds confidence, and fosters a love for crafting that lasts well beyond the summer.

Programs will take place in collegiate classrooms with all necessary equipment provided. Additional recreational games and Water Park activities supplement the daily curriculum to give campers a balanced day of creativity and fun.
