# Farmingdale State College Campus

## Building Descriptions

### Campus Center

Campus Center is the central hub for students on campus. It houses the College Bookstore, quiet-study lounge, ballroom, meeting rooms, Food Court, and our Pay-One-Price Dining Hall. Try fresh pizza from our brick oven or a made-to-order sandwich from the deli, among other choices. Our Campus Center market is full of healthy food options including our salad bar, Burger Studio, great grab-and-go treats, and our rotating restaurant options. The Bookstore is where you can buy or sell textbooks and grab all of your supplies and Farmingdale gear. You can order your textbooks online – 24/7 – and have them packed and ready for your pick up.

### Conklin Hall

Conklin Hall is the center for student activities. Each club has a designated work station and access to numerous meeting rooms. Comfortable chairs and tabletop games make this a great place to relax and listen to Ram Nation Radio, FSC's very own radio station.

### Gleeson Hall

Gleeson Hall is home of our Santmann School of Health Sciences which contains the Nursing, Dental Hygiene, Health Studies, and Medical Technology programs. The wall graphics and signage within this building were created by our talented Visual Communications students. Students can get free dental cleanings in our Dental Hygiene Care Center and can also have their teeth whitened for a reduced price. Preventative oral health cleaning is provided to the general public for a small fee.

### Hale Hall

Hale Hall houses the Biology and Visual Communications departments. The Macintosh Computer Labs and photography studio used by our Visual Communications students are state-of-the-art. Our Memorial Art Gallery is open to the public and hosts several exhibits each year featuring world-renowned artists and designers.

### Lupton Hall

Lupton Hall is where you'll find the departments of Architecture and Construction Management, Electrical Engineering Technology, Mechanical Engineering, and many other programs within the School of Engineering Technology. Lupton is also home to the institute for Research and Technology Transfer. The IRTT is where students collaborate on research projects with scientists and engineers from area businesses.

### Nold Athletic Complex

Nold Hall Athletic Complex includes our basketball arena with stadium seating and features a state-of-the-art fitness center. It also features racquetball courts, updated training facilities, locker rooms, and our golf simulator. Farmingdale is home to 18 NCAA Division III Men's and Women's teams. Our beautiful Baseball Stadium and lacrosse/soccer field are lighted and have synthetic turf. Our all-weather track is a great place to run or walk.

### Greenley Library

Greenley Library is a three-story learning hub which houses the Information Commons, a popular place for students to find a quiet place to study, conduct research or gather for group work. It contains collaborative work spaces with built-in large flat-screen monitors. Farmingdale students have access to books and periodicals from all SUNY campuses. The Tutoring and Writing Centers are also located here. Need to grab a cup of coffee? Visit Books N' Beans and grab

### School of Business

The School of Business is a modern three-story building designed to ignite student-professor interactions outside of the classroom, and features lecture spaces, computer labs, faculty offices, and several study lounges. The School of Business, like many departments on campus, offers great opportunities for internships, which can lead to that all important first job.

### Orchard Hall

Orchard Hall is our largest residence hall with suite-style rooms providing a home-away-from-home atmosphere and a place where you will make lifelong friends. Orchard has kitchens as well as lounges complete with large flat-screen TVs. All our residence rooms have wired and wireless Internet and cable TV. Need to do your laundry? Washers and dryers are right in the building on each floor. Pick up your mail and care packages from home while you wait.

### Childcare Center

The Children's Center provides a safe and stimulating environment for children from 8-weeks-old through pre-k. So, if you happen to be a student and a parent, you can be near your child all day. Four separate playgrounds, an indoor gym, and a lending library, make this a great place for young children. The garden outside the Children's Center was designed by one of our Horticulture Students.
